The island's quintessential home site located just steps to the beautiful white sand beaches on Sanibel's west end near Captiva. Unlike any other near beach lot in the area this property has a private walking easement to Dinkins Bayou for launching a kayak, fishing or just enjoying the vast views. No where else on the island can you walk to the beach, launch your boat, stroll into the general store and enjoy three great restaurants within a stones throw. A newly constructed home could possibly afford one views of Sunset Bay and Dinkins Bayou.
